Partnership Levels & Commissions

Why Is IB Empire Different?

- In most brokers, commissions are only \$4–\$6, but this program starts from \$6 and goes up to \$20.
- Wingo Markets – the only broker that simultaneously offers commissions + cash bonuses + luxury rewards + a share of fund profits.
- Our tree-tier (multi-level) system means you earn not only from your direct clients but also from your sub-network.

The IB Empire Program is more than just a referral plan; it's a hybrid model that combines income generation, motivation, and co-branding.

Its goal is to ensure that Introducing Brokers not only achieve a sustainable stream of income, but also feel like true members of a powerful and growing empire.
